## PREFACE

This Schimelpfenig Family History of the descendants of Julius Frederick Schimelpfenig and Caroline Brandenburg Schimelpfenig was prepared to provide a legacy to a family name that is not only a rarity in Minnesota and other states, but also is nearing extinction. In my younger days I was tempted many times to change or shorten my surname, but as I grew older and matured I began to realize that a family name is one to be cherished and honored in respect to all those before us who gave us what we are. I was introduced to Genealogy in 1987 through a mail advertisement from a Lady in Pennsylvania, and who claimed to be related to the Schimelpfenigs (Ha-Ha I thought). So I ordered the book, not expecting too much. Low and behold it arrived a month after promised and listed 69 Schimelpfenig Families living through-out the United States. This incited additional interest. Being some-what involved with computers, I stopped in at a software store looking for a program that would simplify my new interest. Sorry to say I was advised not much is available, but was told "go over to the Mormon Library in Oakland - they may have something you could use." It was there at the Mormon Library that I received, through an expert consultor, proper direction in a new hobby that has taken me to the National Archives man times, Pommerania twice, the Hamburg Passenger Museum, Salt Lake City Genealogical Library, and I cannot count how many other libraries, seminars, etc. - but it has been great fun. I only hope each of you who reads about or ponders over your cousins or friends, enjoys it as much as I have had researching and gathering what is contained in the following pages.

As we pass through the document, we realize that very few boys were born after those in Emil's family. This has left me and my son as the only living direct line of the Schimelpfenig name here in the United States. To try to find other possible relatives to Julius, I have contacted other Schimelpfenigs in Norwood, MN, Batavia, IL and Keokuk, IA. I have not been able to find any proof of relationship between any of them. In my earlier research I found three or four Schimelpfenigs living in Batavia, IL around the 1860s but cannot say that they were related to each other in any way. I have had a great amount of help from Marilyn Wenberg of Batavia, who's Great-Great Grandmother was Caroline Schimelpfenig and lived in Batavia. She has been very kind giving me a copy of passports when her family came from Hamburg, on the same ship as Julius, but to this date I cannot link them together. If anyone knows of any other relatives, or has any item of information about probable relatives, please send the information to me.

I wish to thank those who have helped me in my research - my sister Ruth who had the right answers in Batavia, my son who did the interpreting at the German Border Crossings, Francis Proulx for her diligence with all the Pichners, Dorothy Jackson for all the family in Montana & Washington - but most of all Sarah "Toots" Moreau who has the best collection of information and such interesting pictures of all the Clan, and who was so gracious in sharing for all to see. One person that I cannot thank now is Toot's Mother, Clara Schimelpfenig Miller, who when I was a youngster told me about relatives in Germany. At the time I paid little attention. I only wish I could converse with her now when the desire to know about my ancestry is at a high ebb. The purpose of this book is to make available information to younger cousins when their curiosity grows to ask "Where did I come from and why am I as I am?"

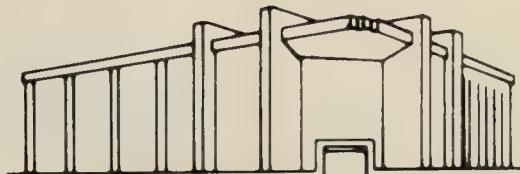

I am sorry that a picture of Julius is not available (to the best of my knowledge) so his picture space is vacant waiting for someone to find one and forward it for inclusion in a future publication. It is my belief someone may have a picture tucked away in a bible, trunk or some other album. If anyone does find one, please send it or a copy to me so that it may be shared by all.

Information about Clement L. Schimelpfenig and his family is sketchy and incomplete. If someone from that family, or anyone else who is interested in Genealogy, has any information please send it to me so that it can be included in a future up-date or in the next publication.

I have attempted to produce herein a document that as accurately as possible portrays the Schimelpfenig lineage in America to it's present date. Information and photographs were submitted and used without bias. I have tried to add as much human interest as possible and still stay within proper genealogical editing procedures. "Good Reading", and I hope you enjoy your cousins.

## INTRODUCTION

To the best of my knowledge through early census reports and the Hamburg Passenger List, our ancestors Julius Schimelpfenig, Caroline Brandenburg and Caroline Dettmann were born and raised in Prussia and emigrated to this country to find a "better life". All came to the Upper Midwest in a time frame of 1856 through 1866. The printing press had been invented and in use in Europe many years before, so excellent records had been kept. But to a Researcher in Genealogy looking for persons who had left from East European Countries, World War II has caused a dilemma in that those records had been destroyed or relocated when millions of people were displaced in the period of 1945-1948. This is especially true for us because our area of interest in Pomerania/Prussia as it existed in the mid 1800s is now Poland. To complicate matters more, Communism has not been kind to those of German Ancestry and has destroyed everything possible to include renaming all of the towns and cities, etc.

Map Prussia 1815-1866

But first, let us review a little history about Prussia and about the Duchy of Pomerania. In little more than two centuries Prussia rose from medieval obscurity and the devastation of the Thirty Years War to become the dominant power of continental Europe. Her rulers rose from Electors to Kings to Emperors. It is a dramatic story and it has a powerful cast.

A synopsis would begin in the 1200s with settlers from all parts of North and Northwestern Germany, and from the Southwest resetting into Pomerania and East Prussia. Agriculture was, and still is, the primary employer in the area. Even up until the mid 1800s, only a quarter of the population lived in towns. In 1648 Hinter Pomerania was acquired by the King of Sweden through the Treaty of Westphalia. On 30 April 1683 two alliance treaties were concluded, one between France and Brandenburg-Prussia, the other between France, Brandenburg-Prussia and Denmark. Sweden then was to be expelled from Pomerania. Frederick William, known as the Great Elector, had succeeded in transforming his state into a formidable power. On the 18th of January 1701 Frederick III, Frederick William's son, crowned himself King of Prussia. Six generations followed as Kings of Prussia, ending with the death of William I in 1888. Prussia then was fused into the German State. William I's son Frederick III became Germany's first Emperor (1888), and his son William II was the last of Germany's Emperors (1914). Frederick, Fredricka, William and Wilhelmina were all blood line names that were also attached to many commoners who were born in the country, and thus those names show up in our ancestry.

Protestantism was adopted as the state religion by Frederick William the Great Elector, and continued by subsequent rulers. Catholicism continued in the southern states of Germany. In Europe all peoples who were subject to an Elector, a King or an Emperor, would be bound to practice the same religion as their leader.

Many think of Prussia as a great military oriented country. After reading "A History of Prussia" written by H. W. Koch, I realize that raising armies was conducted by all countries of Europe and that each in turn marched over neighbor's territories many times. Although Prussia had a sizable standing army, they had conducted only two aggressive wars to expand their territory, one in 1740 and the other in 1866. The notoriety of the Prussian Army came about through one skirmish in Silesia whereby a small force defeated an Austrian force three times it's size by maneuvering and flanking attacks. It is known that discipline was always an overriding principle in the Army's success, but also that Prussian Army Officers were very arrogant.

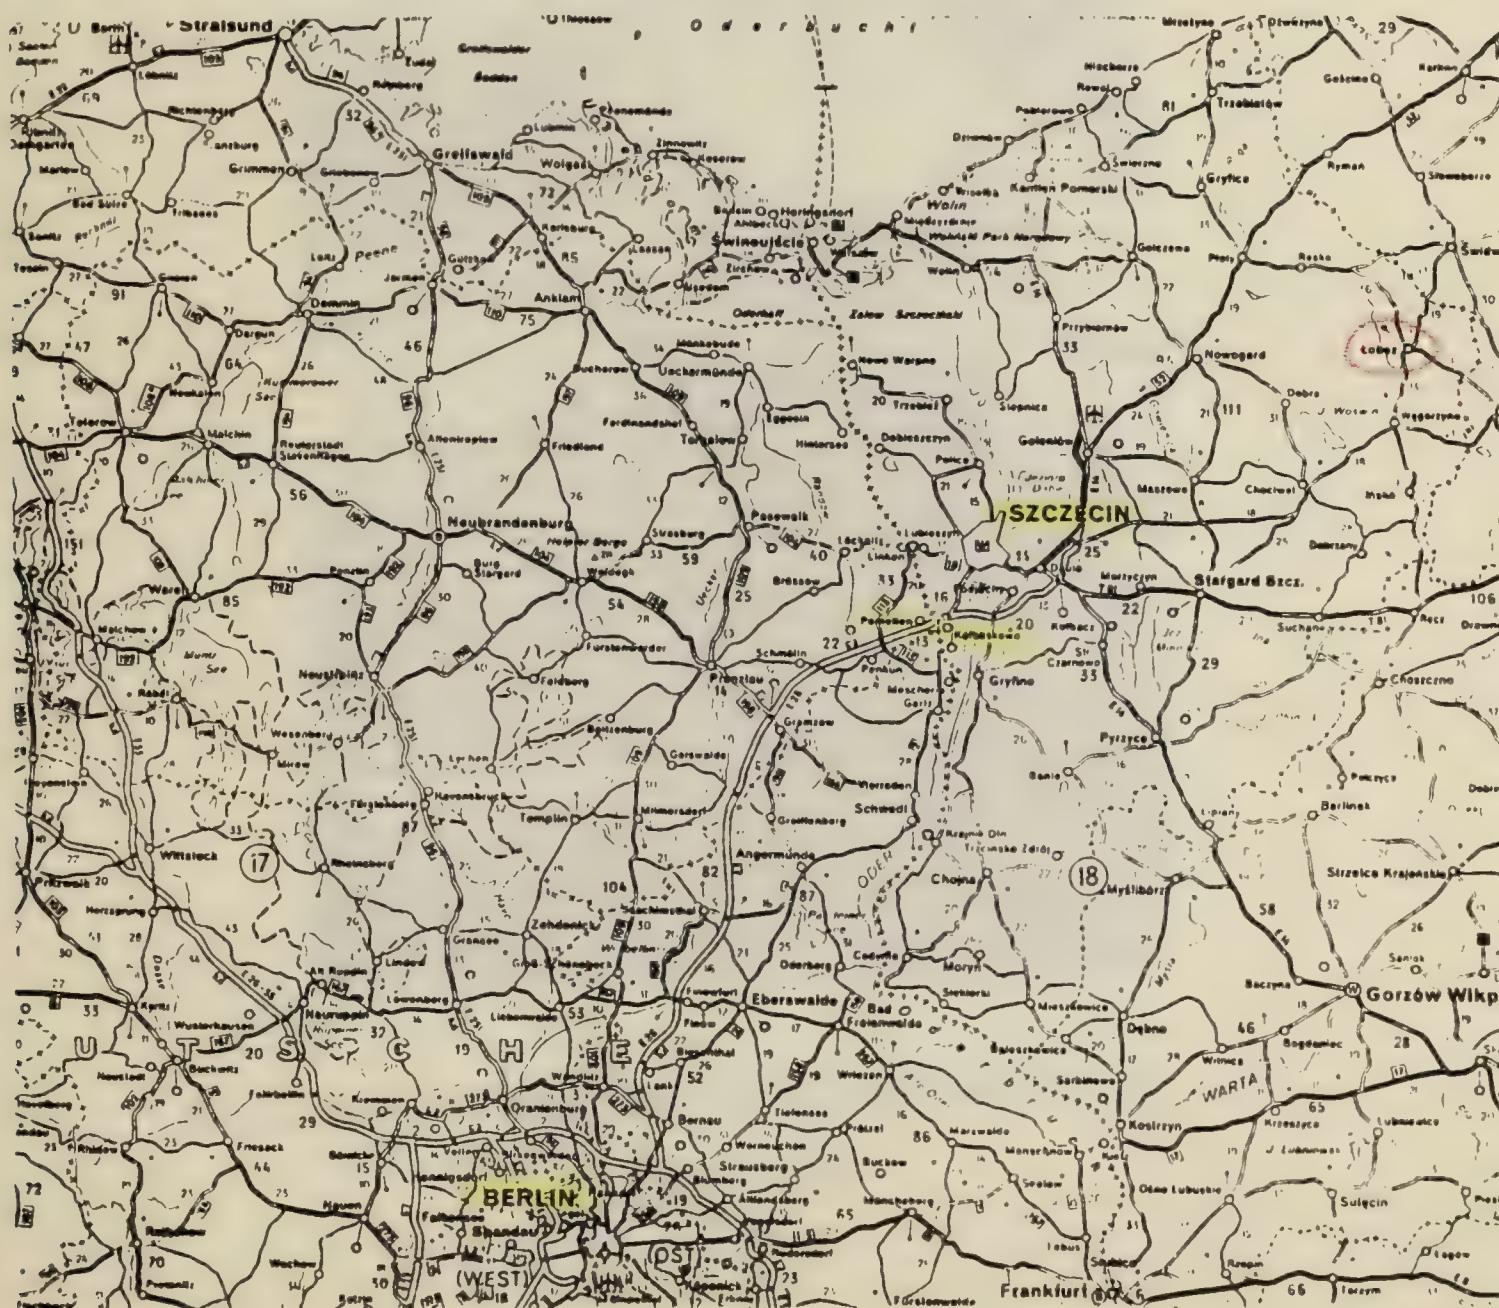

The place of origin of Julius Frederick Schimelpfenig is given on the Hamburg Passenger List as Labes, Prussia. Doing research of other Schimelpfenigs, I have found they have come from nearby towns of Schivel-Bein, Belgard, Grabow, Zietlow, Technow, Retzin, Briesen and Labenz. All of these towns are within a 30 to 50 mile area, so it is a reasonable assumption that Kreis (County) Regenwalde is the place where Julius emigrated from. This part of the country is similar to west of Faribault - gently rolling with lakes and interspersed wooded areas. The Baltic Sea is but an hours drive north. Berlin is west and south approximately 3 hours by car. The countryside is dotted with farms including well known horse stud farms. There are also many pig farms. When we were there during the end of November, there was snow on the ground, daybreak was around 8:30 and darkness settled in at around 4:00. The days were very dreary. The next summer we were there in August with long days like Minnesota. I looked around and would believe I was in Rice County except for the difference in agriculture machinery and other equipment.

## POMMERN POMERANIA

The following map includes present day Polish names for towns. If you look carefully, you can see the autobahn from Berlin to Szczecin and the border crossing at Pomellen/Kolbaskowo which was by far the most difficult of any border crossings we had to negotiate. When we went through in November the East German Guards made us remove everything from our pockets, searched our suitcases thoroughly and then interrogated us for an hour and a half at least. The Polish Guards were extremely sociable offering lots of tips for us when we got to Szczecin. In the summer when we returned from Poland through this same border crossing, our wait was around four hours in a line of cars miles long. This was the only problems we encountered. The roads were in excellent shape, all blacktop and generally nice and straight.

The town of Lobez (Labes in German) is circled on the right side of the map. Resko is the former seat of Kreis Regenwalde. The Baltic seaport city of Szczecin was formerly known as Stettin.

FIRST GENERATION

1. Julius Frederick<sup>1</sup> Schimelpfenig. Born, 28 May 1829, in Labes, Kreis Regenwalde, Pomerania, Prussia. Died, 6 Aug 1904, in Faribault, Rice Co, Minnesota. Naturalized: 10 May 1864, in Kane Cnty Cir Ct, State of IL. Burial: 9 Aug 1904, in Maple Lawn Cem, Lot 9, Sec A, Faribault, MN. Immigration: Aug 1857, in Batavia, Kabe Co, Illinois. Occupation: Carpenter/Farmer.

The 1 July 1857 Passenger List for the sailing ship Heinrich Gustav leaving from Hamburg bound for Quebec includes Julius Schimelpfenig listed as a carpenter by trade. The passenger list was 184 total; 91 male and 93 female; of which 132 were adults over 10 years of age, 43 were 10 years to 1 year of age and 9 were under one year old (the youngest was three months). Julius and a Kruger family of four were listed as coming from Labes, Kreis Regenwalde, Prussia. Also on the same ship was a Johan Schimelpfenig Family of five from Grabow, Mecklenburg. Sailing ships, at this time, required approximately six weeks to cross the Atlantic Ocean against the prevailing Westerlies. The ships carried many passengers for their small size, allowing only about 20 square feet per passenger below deck. A common ration at that time was 2-1/2 lbs of biscuits, 1 lb of wheaten flour, 5 lbs of oatmeal, 2 lbs of rice, 2 lbs of molasses and 21 quarts of water per week.

The 1860 Census for Batavia Township, Kane County, Illinois lists Julius Schimelpfenig as 40 years of age, a laborer with place of birth that looks like Bion, Ger. Caroline is listed as wife, 33 years of age and place of birth same as Julius.

On the 10th day of May, 1864, Julius Schimelpfenig about the age on thirty one, Charles Brandenburg about the age of twenty five and William Brandenburg about the age of twenty nine were naturalized in Kane County Circuit Court. The records show that each was a witness for the other. Also each renounced all allegiance and fidelity to every foreign Prince, Potentate, State, and Sovereignty whatever, and more particularly to Frederick William King of Prussia whose subject he has heretofore been.

Excerpt from A History of the Evangelical United Brethren Church, Batavia, Illinois published in 1970:

FIRST GENERATION

"Ministers serving Aurora were the first to visit the Batavia Community. In 1857 H. Rotermund began preaching in private homes and in a hall, upstairs in the building now occupied by the Batavia National Bank. He was followed by Rev. Musselman, Rev. Rich, and Rev. Siidlireger. An organization was effected in 1866 by Rev. J.G. Miller. The first members of record were J. Schimelpfenig, John Buelter, John Meier, and Mr. Wirke. The church was built in 1866 and dedicated free of debt December 2nd of that year by S.A. Jobias, presiding elder. The Sunday School was organized in 1868 with C. Brandenburg as the first superintendent."

The church is still standing to this date in Batavia. J. Schimelpfenig is probably Julius in that C. Brandenburg is either Julius' brother-in-law or father-in-law.

The 1870 Census for Batavia, Kane County, Illinois lists Julius as 35, Carpenter, owning real estate valued at \$2400 and born in Prussia. Caroline is listed as 30, keeping house and born in Prussia. Emil is listed as 10, Clemons as 6 and Max as 3, all born in Illinois.

The obituary for Caroline published in the Feb 6, 1914 issue of the Faribault Democrat states she was born in Germany in 1836, came to America in 1857, and after some years in Illinois, came to Minnesota in 1875.

Rice County Real Estate Records show Julius purchased property in Section 32, Township 110, Range 19 from Frederich Mahlmann on March 30, 1875. The records also show that Julius owned that same parcel of land until August 6, 1904 when title was reconveyed to his son Max.

The obituaries for Julius published in the August 10th, 1904 issue of the Faribault Democrat and the August 12th issue of the Faribault Republican lists his age as 78 years, had lived in Wheeling until 1884 and then on West 7th Street until the date of his death, August 6, 1904. The articles go on to say "He was a man of the highest character and possessed of many friends. He was a good citizen and an honorable man in all respects". The Death Certificate recorded in the Rice County Court House gives his age as 78 years, 2 months and 8 days. It goes on with occupation as retired farmer/carpenter, cause of death - paralysis, mother's name - Carolina and mother's birthplace - Germany. Carolines Death Certificate includes place of death as Cannon City, cause of death as Lobar Pneumonia and Cardial Dilatation for a duration of 1 month and 10 days. Her father is listed as Chris Brandenburg and mother listed as Freda Brandenburg, but no birthplaces are given.

The article gives a synopsis of his life as follows: In early youth he worked for the Blodgett Lumber Company. Later he became associated with the F.A. Emil was a farmer for his entire life. He and Caroline were the only ancestors to have a large family, five boys and three girls. Cause of death was Hemeplegia Sudden (Stroke) Also listed was Hypertension lasting 15 years.

Frances Pichner recalls spending every summer with her grandmother when she was growing up. So did her sister Sharon some 13 years later. Grandma was an avid gardner and had the largest of flowers.

Frances continues on saying Grandpa was a quiet and religious man who spent many hours in his workshop making wooden lawn art items. He always rode a bicycle - he had not learned to drive a car.

A note from Glen:

Clara did all of the driving for her family. I remember well her Jazzy 1931 Ford Roadster with the rumble seat. She would come to Nerstrand on Thursdays in the summer, stay for the free shows and then we as kids would get to sit in the rumble seat - what a treat!

Doug Moreau was the lucky one who had the roadster when he was in high-school. Doug kept it as nice as his grandmother did. I am sure he was proud of it.

A note from Glen:

THIRD GENERATION

My father was a farmer most of his life, but I truly believe his first love was to be a carpenter. During the last 10 to 11 years of his life he built many houses, barns and other buildings. He was ready to go to work on Monday morning on the last day of his life. His sister, Sarah, said many times Herb should have been a builder and not a farmer. I guess that must have come through the genes. Many people told me they liked my Dad to build for them because they knew the structure would stay up - he always put in two nails if only one was required.

My father's favorite hobby was fishing. When I was 4 or 5 years old he took me along to fish at the bridge in Morrisstown. We got there shortly after daybreak and didn't leave for home until around 9 that evening. We had sacks full of bullheads which he cleaned that night, so I am sure he did not get to bed before midnight. I have never been a fisherman since - but he has repeated this story many times since.

Frances Pichner recalls many pleasant memories of the numerous get-togethers at the farm and later in town. She remembers Lu as devoted, quiet and a good cook.

He married Lovina Barbara Bauernfeind, daughter of John Christopher Bauernfeind and Elizabeth Bosshardt, 6 Mar 1911, in Nerstrand, Rice Co., Minnesota. Born 19 Sep 1888, in Wheeling Twp., Rice Co., Minnesota. Died 11 Mar 1981, in Faribault, Rice Co., Minnesota. Burial: 3 Apr 1981, in Evangelical Cemetery, Wheeling Twp., Rice Co., MN. Per Frances Pichner.

Mabelle gave her mother, Elizabeth, an opal ring for her 16th birthday, which I now have. I met her only once at Grandma's in Faribault.

She married Frederick Ormonde Jackson, son of Thomas Jackson and Elizabeth Jackson. Born, 7 Sep 1879, in Scarborough, England. Died, 1 Jul 1955, in Butte, Montana. Burial: 3 Jul 1955, in Butte, Montana. Occupation: Musician/Teacher. Children:

Dorothy sent a nice letter in January of this year -

THIRD GENERATION

1990, that we can all share;

I was born at Poplar, MT the daughter (oldest of 2) of A.L. and Florence (Rounds) Dale. We were married at Poplar April 24, 1937 and not long after that Jack was transferred from Wolf Point to Great Falls, thence to Missoula where he entered the Navy Seabees in June of 42. Jack and I met at Bozeman in 33 when he was a Senior and I was a Freshman. In 36 he came to Wolf Point from Ft. Peck to work in the Public Works Office, and I was working there at the time. When we moved to Bozeman in 48 I went back to school and finally finished in 50 in Home Economics Education. Jack was teaching Civil Engineering.

Jack was sent to the Aleutians in July, 1942 after a very short training period. When his unit arrived at Unalaska and started to unload the ship, they found an error had been made and theirs had machete knives and mosquito netting and a hold of coffee that had been shipped from South America, so they had to build a storeroom for the coffee.

They only kept the men a year (generally) in the Aleutians, and the men had a saying that there were three kinds of insanity that came from there - The first was when you started to talk to the Kiwi birds, the second when the birds answered and the third and the incurable stage when you said "After the war I'm coming back here".

When they landed at Seattle Jack said the strangest sight was to see a child. They had seen nothing but adults and the proportions seemed totally strange.

The battalion was sent to Camp Parks, California but on the way they had a bare bones train with a bunch of drunken men running it so the Captain pulled the cord and stopped it after some scary periods of high speed. The crew was kicked off beside the tracks and the Seabees took over. They had men in the outfit who were capable of doing most everything that was needed to be done. In fact the battalions were organized so they would be self sufficient when sent to Island "X". They even had a Mortician, Doctor, Dentist and all the rest. The men took the seats apart to lay out flat so they would have a place to sleep, and then they went on to San Francisco with no more problems.

Before Battalion 13 went out again, Jack was stationed at Moffett Field and we lived in Palo Alto until the end of the war.

THIRD GENERATION

Back to the 13th before I forget. Before they left Virginia they put an ad in the Norfolk paper asking for a black cat to take as a mascot when they left. Several days later they went into the paper (from Camp Bradford) and the Editor was nearly crazy. There were black cats everywhere. They finally ended up taking three. Jack said at the end of the war when they returned he figured the cats and the rats had intermingled, and he said the cats looked like rats and vice versa.

We lived at 271 Everett when in Palo Alto - just two blocks over and parallel to their main street. Probably the apartment house is no longer there. It was an L-shaped 6-plex and four military couples lived there (four with us) and two civilian couples. We were on gas rationing so didn't do much traveling, but could catch the train to San Francisco or San Jose to go shopping or for sports or recreation as the street car service was excellant.

Dorothy also sent along a chronology for Ormonde;

1934 - BS in Civil Engineering from Montana State University  
1934 to 1941 - Engineer in Ft Peck, Wolf Point, Great Falls and Missoula  
1942 - U.S. Navy Norfolk, Bradford and Aleutians  
1943 - September returned to Camp Parks, California  
1944 - January transferred to Moffett Field, California  
1945 - November on leave to 1946  
1946 - February Soil Conservation Missoula, Montana - April went to work as  
Engineer at Ft. Missoula - December Ft. Missoula closed so returned  
to Soil Conservation  
1947 - Went back to University of Montana, worked towards Masters Degree  
and teaching credentials for secondary education  
1948 - September moved to Bozeman and started teaching  
1951 - Received Masters Degree in Hydraulics  
1973 - Retired as Professor Emeritus

The Thursday, March 22, 1990 issue of the Chaska Herald provided a glimpse into the life of Dr. Ted, as follows;

Known by his nickname Ted, or to many as Doc Shimmy, he was something of an institution having practised medicine for more than 50 years in Chaska. Ted graduated from the University of Minnesota Medical School and interned at the University Hospital before setting up his practise in Chaska in 1929. Ted was also on the staff at St. Francis Regional Medical Center in Shakopee since it was founded in 1930, and also worked at Eitel, Swedish and Abbott Hospitals in Minneapolis. He had his own clinic in Chaska from which he retired in 1984 after 55 years as a physician and surgeon.

On March 9, 1929 Ted married Edith Johnson in Minneapolis. They were blessed with two daughters, Jane Moore of Philadelphia, PA, and Kathryn Glasser of Chaska; five grandsons & one granddaughter; and four great-grandchildren.

The article goes on with many personal items such as Ted was an avid home movie producer photographing many family and community events, some of which have been preserved and reproduced by the Chaska Historical Society. Another passion for Ted was Jazz. His children had a Jazz Band play at his funeral.

Ted served on the Chaska School Board somewhere between 20 to 30 years. He provided assistance on many occasions to the Minnesota Crime Bureau which won great respect for his services. Throughout his years in Chaska, Ted made other commitments to the community, prompting it to name the park at the west end of Claypole in his honor. It was dedicated on April 21, 1973 as Dr. Schimelpfenig Park.

He married Edith Viola Johnson, 9 Mar 1929, in Minneapolis, Minnesota. Born, 22 Jul 1902, in Minneapolis, Hennepin Co, Minnesota. Died, 19 Mar 1978, in Chaska, Minnesota. Occupation: Homemaker. Children:

- i. Kathryn<sup>4</sup> Schimelpfenig. She married Glasser.
- ii. Jane Schimelpfenig. She married Moore.

FOURTH GENERATION

9. **Harland William<sup>4</sup> Miller.** Born, 29 Apr 1904, in Faribault, Rice Co, Minnesota. Died, 28 Feb 1987, in Faribault, Rice Co, Minnesota. Burial: 3 Mar 1987, in Maple Lawn Cem, Faribault, Rice Co, MN. Occupation: Power Engineer.

Frances Pichner remembers her Uncle as a quiet man much like her Grandpa Albert. Harland had a bicycle shop at his residence where he repaired and then sold bicycles. His bicycles were in great demand and so was very busy. Also he had a large apple orchard and sold many bushels of apples every summer. Frances remembers Liz as a great cook and had many great meals there.

He married, first, **Elizabeth Gilbert**, 1937 (?), in Faribault, Rice Co, Minnesota. Divorce in Faribault, Rice Co, Minnesota. Occupation: Homemaker. Children:

15           i. **Vivian Imogene<sup>5</sup> Miller.**

10. **Sarah Adeline<sup>6</sup> Miller.** Born, 12 Sep 1906, in Faribault, Rice Co, Minnesota. Occupation: Homemaker.

Sarah has always been known by TOOTS to all of us. She has probably the best collection of memorabilia of any of our relatives. When I started my research of descendants in the Rice County Area, she was my first stop. She has boxes and boxes of photos, many of which are included in this document. She has kept newspaper articles, letters, etc. from the past providing much of what is written herein. She has been invaluable to me, and I cannot thank her enough. When you see or talk to her, give her your thanks also.

Per Frances Pichner:

Sarah's nickname is TOOTS. We call her this all the time. She is a very accomplished seamstress. She would make my clothes during summers. Her husband Ed was a real tease - always joking.

FOURTH GENERATION

She married Edward Russell **Moreau**, 19 Jan 1924, in Faribault, Rice Co, Minnesota. Born, 21 May 1902, in Faribault, Rice Co, Minnesota. Died, 28 Apr 1987, in Faribault, Rice Co, Minnesota. Burial: 1 May 1987, in Maple Lawn Cem, Faribault, Rice Co, MN. Occupation: Power Engineer. Children:

Frances remembers her Mom as being very quiet and would read her Bible daily. She was very dedicated to John F. Kennedy - reading and collecting books, pictures, etc.

Frances remembers her Dad as also being quiet, enjoyed his Bohemian Lodge and was known to "Tip a few". He spent a lot of time in his workshop and could repair anything. His retirement years were spent as a farmer on the home farm.

She married George Robert **Pichner**. Born, 24 Apr 1905, in Owatonna, Steele Co, Minnesota. Died, 7 Jul 1979, in Albert Lea, Freeborn Co, Minnesota. Burial: 10 Jul 1979, in Bohemian Natl Cm, Owatonna, Steele Co, MN. Occupation: Auto Mechanic. Children:

12. Ruth Lorraine<sup>4</sup> **Schimelpfenig** (Herbert Clarence, 5). Born, 28 Nov 1916, in Northfield Tnshp, Rice Co, Minnesota. Occupation: Nurse/Homemaker.

Ruth completed Nurses training at St. Lucas in Faribault, spending only a short time in her earlier years as a Registered Nurse there. After Harold passed away she returned to at first part-time, and then to full-time nursing. She enjoyed working during the night and was really missed when she retired.

Ruth's first love as a hobby is fishing. She is probably almost as avid as her father was. She and Harland had a camper that saw a lot of lakes and rivers, and brought home a lot of fish.

Frances Pichner remembers the family get-togethers at the farm, how caring and

dedicated Ruth was, and how nice Harold was.

13. Glen Herbert<sup>4</sup> **Schimelpfenig** (Herbert Clarence, 5). Born, 7 Aug 1929, in Faribault, Rice Co, Minnesota. Occupation: V.P. Contracting.

A little autobiography here:

After graduating from Faribault High School I worked for my father in construction, completed a year at Mankato State College and then joined the U.S. Army in the Korean War. While on active duty I completed Officer Candidate School and was a Line Officer in the Corps of Engineers in France. Upon return in 1953 and to civilian life, I went to the Univ. of Minnesota and majored in Architectural Engineering. I did not desire to have a job at a drafting board so I started a contracting company. I learned to fly and got my single engine pilot license in 1955. Running a small business and trying to stay solvent was a tasking job, so a decision had to be made - borrow lots of money and try it big or get a job with a bigger company. I opted for the later and have worked for Armstrong Cork Company and Owens-Corning as an estimator and salesman in industrial insulation construction. I have now graduated back to a smaller company, Plant Insulation Company in Emeryville, California, with an equity in the firm, am a corporate officer and have lots of daily challenges - but it is fun! I know that my life has been more enjoyable and more rewarding being personally involved in daily construction activities. My biography has been included in the 19th edition of Who's Who in California published in 1990.

I believe in education and have continued mine through-out my lifetime. I have graduated from the Army Command & General Staff College and from the Industrial College of the Armed forces. A degree in Human Relations and Organizational Behavior from the University of San Francisco has been the most beneficial in my duties of managing construction workers and construction activities.

I have had a duel career in the Army Reserve. After separation from active duty

FOURTH GENERATION

I stayed in the Active Reserve program and retired as a Colonel, Corp of Engineers in 1982. Some of my better positions had been as Facilities Engineer and as Post Commander of Camp Roberts, California, and as Honolulu District Engineer, Pacific Ocean Division. The Army Reserve was a hobby that I really enjoyed.

I love to travel. I have been in all 50 states and all of the Western European Countries. I feel fortunate to live here in this wonderful country. After traveling through and seeing some of the communist countries such as Czechoslovakia, East Germany, Poland and especially Russia, I know that we here in America have the best life; we have freedom of speech, freedom of movement and all of those other freedoms that allow us the opportunity to achieve a high quality of life.

Glen is living in Heidelberg, West Germany. He first went there in 1975 when he was in the U.S. Army, liked the country and went back soon after separation from the Service. He found civilian employment with Boston University in the Military Education Program and later as a Programmer for the Department of Defense Payroll Office in Heidelberg. In the evenings he was a student himself and completed a Bachelors Degree in Computer Science. He has continued working on a Masters in Management Information Services. He is now employed at Heidelberg Seventh Army Headquarters by TechDyn of Virginia as a Senior Systems Analyst.

Glen and Petra were married in the Heidelberg Rathaus. They are now living in their second home, a nice new three story Townhouse in Heidelberg-Kirchheim. They moved in during the month of February 1989 and since he has installed a new ceiling in the living and dining area, completed two additional rooms in the basement and installed a wood-burning fireplace in the living room.
